MM. Vol. 11 - December 20, 2006

DISPATCH

Good news from the MPI headquarters involving the new website - we have a new website! After months of hard work, from Nashville to Nicaragua, MPI's webhome (www.mannaproject.org) is brand new. Updated in both visual look and written content, MPI offers first-time visitors and our dearest friends a comprehensive look-under-the-hood of all Manna workings. Site guests may read a full write-up of MPI's history and mission, meet current Project Directors overseas, and get a look into Manna On Campus (s) across the country. You may even look back at previous MannaMails.

Further, as you can see on the left column of the homepage, a section "MPI Ecuador" appears, perhaps an even more exciting piece of news than the new online base for Manna. In an upcoming MannaMail, we'll hear all about the founding of MPI's next foreign site.

Good Tidings this season of good news. Visit the site and make yourself at home.
